The prestigious complex for the over 65s in Alfaz del Pi is growing with a new 46,610 m² phase, designed with a contemporary approach combining comfort, functionality and security. This extension does not involve the purchase of a property, but the acquisition of a 30-year right of use. In this phase, 268 homes will be built, distributed in two types: half will be ground floor flats with private gardens, and the other half will be on the first floor, with spacious terraces. In addition, residents will be able to enjoy modern facilities such as outdoor swimming pools, sports areas, gardens with recreational areas and a communal vegetable garden.
